

Abdullah Mohamed Hussien

Next.js Front-end developer

✉ abdo251108@gmail.com ☎ 01005497891 📍 Giza/Egypt 🔗 [abdullah-mohamed.vercel.app](#)

Summary

Skilled Next.js Web Developer with experience building scalable, high-performance web applications for clients. Strong background in modern front-end development, API integration, and performance optimization, and maintainable solutions aligned with business goals.

Projects

SinceToonz [🔗](#), *E-learning Platform*

Collaborated on building and maintained the front-end of an e-learning platform using Next.js and React, developing reusable and responsive UI components. Integrated REST APIs for authentication and courses data.

Adepti [🔗](#), *HR Management Tool*

Developed the front-end of an HR management platform using Next.js and React, focusing on skill matching and candidate evaluation workflows. Built dynamic, reusable UI components and integrated REST APIs for employee data, role requirements, and matching logic

Professional Experience

Next.js Developer, *Gentech*

2023 – Present

Cairo/Egypt

Developing high-performance web applications using Next.js and React, turning business requirements into scalable, user-friendly solutions. I collaborate with designers, backend developers, and project managers to deliver responsive, SEO-optimized applications.
